Did you ever stop to think about the great amount of wind that is going to waste in this fair Province of Alberta? Bud Rodman says that he can grind eighty bushel an hour with the grinder we sold him.

Is there any cheaper power at your command than the wind, for pumping water and grinding feed? If there is come in and tell me what it is the next time you are in town, will you? W. H. Turner and his son were in and ordered a power mill to grind their feed and pump their water. They have been in Alberta long enough to know that the wind blows in Alberta, and that any other engine they could buy they would have to buy fuel too but with a wind engine the fuel expense is eliminated. We keep everything that is needed to up with a windmill, too, pumps of all kinds, feed grinders, etc., and there are a goodly number of our Rapid Easy grinders in the country so you can see them any day by calling on your

Carlstadt News Savs

All signs point to a general election this fall. The naval Bill has been railroaded through the commons by majority rule and has now majority rule and has now In the Pound at Carlstadt, one gone to the Senate where it appears it will meet its doom. 1200 pounds, branded 61 on left The Liberals have a big majority in the Senate andwill move that the Bill be referred to the people.

That "made in Canada" train that toured the west last year is with us again. The manufacturers down east o not understand the west but if they have a few more trips out here they will build branch factories instead of giving joy rides to a bunch of hot air artists.

It is pleasing to know that the grain adjacent to Carl-stadt shows a more luxuriant growth than other parts of the province. A traveller in town over the week and town over the week end informed the editor that in REWARD —For the return to the the week just closed he had Farmer's Hotel, Carlstadt, of an the week just closed he had been upon several lines that radiate out of Calgary and no where did he see the wheat in the advanced state it was here. Keep pulling for your own town. Its keeping ever-lasting at it that wins.

What Others Say.

The editor of the Brooks Bulletin is alarmed at the the Bassano News is way extending the boundaries of Bassano, and fears that in a weeks Brooks will be mentioned as a subdivision. Here is what the Bulletin

The Limit. The towns and cities in this "get ahead" west are apt to extend their boundaries more or less when it comes to taking in population. But the Bassano News has taken the bit between its teeth and includes in a list of buildings going up in Possano, the headquarters building of a German colony, being erected fourteen miles from Bassano, near the villiage of Hussar.

Surely Bassano's progress has been such that the town booster need not burglarize the growth statistics of a country side.

FROM THE CANADIAN PACIFIC

Wonderfully fertile land is offered for sale by the Canadian Pacific Railway Company at prices ranging from \$11 to \$30 per aere. There is no better agricultural land than this virgin Canadian soil. It is unsurpassed for all forms of agriculture, including grain growing, stock raising, dairying, poultry culture, vegetable growing, and general mixed farming! The lands are convenient to railways—and—mark-kets, and are located in a land of low taxation—and delightful climate.

TWENTY YEARS TO PAY

Under the Company's new policy, no land is sold to spec-ulators, but only to those who will occupy and improve it. The terms of sale are now on-themicth cash and the balance spread over twenty years, with interest at six per cent per

ASSISTANCE TO FARMERS

The year has been one of success and growth at both Carlstadt and and growth at both Carlstadt and Sunny South appointments. At Sunny South the work has been handicapped for lack of accomodia-tion but through the generosity of J. W. Clarkson and later Geo. O. Hargrave who opened their homes for service the work has been carried on. The congregation has increased to thirty five with a membership at this point of membership at this point of seventeen. A public place in which to worship, which is expected soon, will greatly facilitate matters and open up still greater advantage for this cause. Carlstadt has taken increased interest during the year and the summing up is most gratifying indeed.

and the summing up is most grautifying index.

The loyalty of the people was shown in the carly part of the year when they purposed and completed a commodition and comfortable parsonage. The congregations have grown and a chort of faithful workers has added much to the interest of every service. The membership at this point is thirtying the mission of fifty five.

The patter Rev. F. E. Clysdale was stationed by the Conference on the mission can year ago and has received a unanimous invitation from the Quarterly Officials Board for tertum for another year. This he treturn for another year. This he
